INTRODUCTION

The volume herewith presented embodies the forty-second issue of the **ATLANTA CITY DIRECTORY**. It is a complete and comprehensive epitome of the commercial, industrial, social and professional interests of the city. The publishers have done everything possible to make the work a creditable representative of those interests. No other medium can convey so complete and comprehensive an index of the city, its people and their activities, nor can any other medium tell so fully of the city's wonderful growth, its opportunities and possibilities for the future.

In the present volume all the local features which have proven so useful and satisfactory in previous issues have been retained and such improvements included as to make the work an up-to-date publication, equal in style and makeup to the larger metropolitan directories.

In the General Index following this Introductory is shown the number of page upon which any item of information can be found.

THE STORY OF ATLANTA—THE GATE CITY OF THE SOUTH

Atlanta, the capital of Georgia, and situated in Fulton County, was founded in 1837, when it was known as Terminus, because it was the end of the Western and Atlantic Railroad, which was projected and finally built by the State, (which still owns it), from Atlanta to Chattanooga. Other railroads were successively built to Atlanta from various directions, and the town soon became famous as a railroad center. It was in that early day that John C. Calhoun, the great South Carolina statesman, predicted that Atlanta would be a great city. He based his opinion upon the fact that the topography of the Southeastern States is such that Atlanta was the natural point of convergence for railroads which would be built parallel with the Appalachian chain of mountains into the Southeast, and the Western lines which would be built from the Mississippi Valley towards the South Atlantic Seaboard.

A RAILROAD CENTER.

This prediction has been literally fulfilled, and Atlanta is a railroad center from which fifteen lines radiate in different directions, tapping the Atlantic and Gulf coasts, and reaching northward, eastward, westward and northwestward. There is no part of the South Atlantic or Gulf coasts which can not be reached by rail from Atlanta in eighteen hours, and for this reason General Sherman declared that Atlanta would always be a strategic point in war, and a commanding center in times of peace.

Atlanta is within a night's ride of most cities located in the region bounded by the Ohio, Potomac and Mississippi Rivers, the Gulf of Mexico, and the Atlantic Ocean.

Atlanta as a passenger gateway can be forcibly stressed when it is considered that there are 152 trains in and out daily.

STATISTICAL FACTS REGARDING ATLANTA POPULATION.

As in former years the enumeration of citizens and business firms did not stop at the city line proper, but embraced all contiguous territory, including the villages of College Park, Center Hill, East Lake, East Point, Kirkwood, Lakewood, Lakewood Heights, Inman Yards, Egan and Hapeville. These villages are to all intents and purposes, in fact in all ways except governmental identity, a portion of the social life and numerical greatness of one community, dependent upon Atlanta for their prosperity, since most of the residents have their business activities or interests therein.

The customary means of establishing population is to multiply the number of names of individuals in the Directory by two and one-half to allow for the names of women and children not included in the canvass. In the present volume there are 97,999 names of persons who lived in Atlanta and its adjoining suburbs at the time the enumerators took the information for

this book. Multiply this number by two and one-half and we have a population of 244,997 for the territory covered by the Directory.

City incorporated 1847, reincorporated 1874 and 1909.

Form of Government—Mayor and Council.

Bonded debt—\$6,018,000.

Tax rate—\$1.25 per \$100.00.

Banks and banking houses 20. In suburbs 6.

Bank clearings—\$2,528,485,083.69.

Bank capital and surplus—\$15,000,000.

Bank deposits—\$60,516,521.00.

Resources—\$78,625,839.83.

Invested in buildings—\$4,967,675.

Area—square miles—26.07.

Altitude from sea level—1,056 feet.

Assessed value of property—\$201,657,539.

Miles paved streets—243.52.

Miles of sewers—328.99.

Miles of sidewalks—506.39.

Miles of electric railway—243.07.

Miles of interurban railway—35.5.

Telephones in use—26,810.

Postoffice receipts—\$2,431,603.19.

Churches—272.

Number public schools—68, teachers 725.

Number enrolled pupils—28,810.

Students parochial, diocesan and private—10,000.

Passengers carried daily by electric railways—197,200.

Theaters and vaudeville houses—25.

Hospitals—24, (including municipal and tuberculosis.)

Hotels—57.

Number of factories 500, producing over 1,000 articles.

Building permits—\$3,572,086.00.

Fire Department—In the first part of this year a contract was entered into with the American LaFrance Fire Engine Co., Inc. for the complete motorization of the department whereby the city substituted all horse drawn apparatus for motor apparatus and today the department is equipped with all modern motor apparatus and taking front rank with all southern cities in this respect. The department maintains its own repair shop where repairs of every kind and character pertaining to the department are kept up, using the regular employees for said work. Also the fire alarm system is maintained by the department, all changes and repairs being done by men in the department. The number of alarms answered during the year 1917 was 1,419, the largest number of calls being made in February and the smallest in September. Value of buildings and apparatus \$743,499.44.

Water Works—The water works are owned by the city and governed by a board of water commissioners, composed of one commissioner from each of ten wards, with the Mayor and chairman of water works committee of council, the members of the board being elected by the general council. The water supply comes from the Chattahoochee River about seven miles from the city, one pumping station being located at the river and another on Hemphill Avenue and the city limits. At this latter station are located two reservoirs, coagulating basis, filter plants and clear water basins. The water works represent a value of \$7,218,603.15. The rates are 80 cents per month for each house, store, etc. for an allowance of 6,000 gallons per month. Wholesale or manufacturers rates are on a sliding scale ranging from \$1.00 down to 70 cents for 1,000 cubic feet, all subject to 10 per cent discount for prompt payment. During the year 1917 there was pumped into the city mains 6,935,000,000 gallons of water, or an average each day of 19,000.00 gallons.

Parks—19; total acreage—850. Twelve playgrounds and four public bathing places with free bath houses. Located in Grant Park is a Cyclorama painting of the Civil War, "The Battle of Atlanta." It is the sole survivor of three which were painted in the 80's by artists of the staff of William Wehner's in Milwaukee.

Oglethorpe and Emory Universities; the Georgia School of Technology, a branch of the State University System, and one of the most important educational institutions in the South, over one thousand students are on its rolls.

Agnes Scott College, a Presbyterian school for young women; Cox College for girls, and Georgia Military Academy for boys.

Climate—Atlanta is 1,056 feet above sea level, at the foothills of the Blue Ridge Mountains. Part of its water drains to the Atlantic Ocean, part to the Gulf of Mexico. Open air work is possible every day in the year.

A monthly mean temperature below 32 degrees has never been recorded since the observations were begun.

Auditorium-Armory—Owned by the city of Atlanta, with a seating capacity of 8,000; 20,000 square feet floor space; pipe organ costing \$50,000.00. Free Sunday concerts attended by thousands. In this building Grand Opera is given each year by the Metropolitan Opera Company, Atlanta being the only city in the United States except New York that enjoys a week of Grand Opera.

Atlanta is the second largest mule market in the United States.

Atlanta is the fourth largest insurance center in the United States.

Atlanta is the film distributing point of the Southeast.

Atlanta's railroads radiate in fourteen directions, operating 150 daily passenger trains.

Atlanta ranks thirty-second in population and twelfth in bank clearings.

Atlanta is the central distribution point for the Southeast.

Atlanta has more miles of street railway per thousand of population than any other city in the country except Salt Lake City.

Atlanta has the best hotels in the South.

The first casket factory in the South was built in Atlanta, and Atlanta makes more burial goods than any other Southern city.

Atlanta has the largest commercial printing plants in the South and has more publications than any other Southern city.

Atlanta has the only factory in the South making a full line of school and college stationery, envelopes, tablets and box stationery.

Atlanta leads in machinery for sharpening safety razors.

Atlanta has the largest overhauled locomotive business in the South, and largest rebuilt car and locomotive plants in the country with pay-rolls aggregating half a million annually.

The Southeastern Fair is held annually in October at Lakewood Park, covering 389 acres, a place which is interesting at all times of the year; there is boating, bathing, roller coasting, a mile of racing boulevard and many other features in the park. The Southeastern Fair is considered the biggest thing of the kind in the Southeast; the grand circuit races are held in connection with the Fair and there is always the finest collection of agricultural and live-stock exhibits obtainable.

Golf—Atlanta is said to be the golfing hub of Dixie. The East Lake Course is easily the finest in the South and is generally considered one of the best ten in the United States. Here have been staged several championship tournaments. There are two other 18-hole courses, two of nine and one of six. Outdoor golf is not only possible but enjoyable in Atlanta the year round.

Places of Interest—Confederate Soldiers' Home of Georgia located in East Atlanta, is supported from funds of the State of Georgia. The United States Penitentiary, one of the largest and costliest prisons established by the Federal Government and contains some of the most notorious criminals of the country. Present capacity of prison is 1,200. Fort McPherson, one of the largest and most completely equipped military posts of the United States government.

Camp Gordon (cantonment) for which Atlanta contributed water service at cost.

Stone Mountain—Largest solid rock in the world is sixteen miles east of Atlanta on good automobile road. This mountain is one of the nation's wonders, one mile up from base to summit and eight miles around the base. The Confederate Memorial Monument is being carved on the steep side of the mountain.

The Ford Assembly Plant—Consists of 158,368 square feet of floor space; an average of 325 persons are employed in the plant, and maximum daily production is 100 complete cars. The various parts of the automobile are shipped to Atlanta knocked down, and are assembled here.

On May 21, 1917, a destructive fire occurred in the heart of the city. Estimated property loss, \$5,500,000; estimated insurance loss, \$3,500,000. The total number of buildings involved was 1,938. Since this disaster, with

characteristic promptitude and resourcefulness the citizens have practically rebuilt the burned districts and obliterated the scars of the holocaust.

ATLANTA COMMERCIAL BODIES.

The Atlanta Chamber of Commerce has been called the "dynamo which generates the Atlanta Spirit," and has for many years been the medium through which public-spirited men work together for the common good. Through its instrumentality several other commercial organizations have been built up in addition to those already in existence. This is notable also of the Atlanta Convention Bureau, which is one of the most active and efficient of its kind in the country.

The Atlanta Freight Bureau, Atlanta Retail Merchants' Association, The Merchants' and Manufacturers' Association, Association of Credit Men, Atlanta Clearing House Association, Atlanta Hotel Men's Association, Georgia Chamber of Commerce, Retail Grocers' and Butchers' Association, Ad Men's Club, Builders' Exchange and Rotary Club are all able and efficient commercial bodies.

A copy of this Directory is being placed in the Directory Libraries and among the commercial bodies, business men's clubs, chambers of commerce and the larger business institutions throughout the United States, thus widely advertising the city and its interests.

— BLACK TYPE —

¶ The names appearing in **BLACK TYPE** in this directory represent the energy and enterprise of the city and it is a pleasure for the publishers of this directory to have the opportunity to make the public acquainted with them. Those in **black type** are the people who accomplish the wonders in business here and make Atlanta what it is. They recognize and support all the public necessities and things needful to improve and serve a CITY of Atlanta's magnificent possibilities. They are not the drones and sponges who never support anything, but seek rather to gain by others' hard work and money. When you patronize those in **black type** you patronize men and firms who will PATRONIZE YOU in the same broad manner that you patronize them.

Atlanta City Directory

Miscellaneous Information

1919

CITY OF ATLANTA

City Hall, 55 Marietta

Election held annually on the first Wednesday in December

The qualifications of a registered voter in the city election are: He must have paid all his taxes since he was aged twenty-one; he must be a resident of the state twelve months, of the county six months, and the city thirty days.

The General Council is composed of a board of ten aldermen and twenty councilmen; one member is elected from each ward annually for two years. Aldermen are elected for terms of three years each. General council meets first and third Monday afternoons in each month at 3 o'clock.

Aldermanic Board meets Thursday following at 3 o'clock.

GENERAL INFORMATION

Licenses

Failure to take out license by the 5th day of the first month of each quarter imposes cost and trouble, as the law compels the issuance of a fi fa and a case may also be made in the Recorder's court.

Make checks payable to Frank F Smith, tax collector. Do not include water bill, taxes, or anything else you may owe the city in your check for license.

If you will bring your old license, it will save you time and may avoid an error.

When to Return and Pay Taxes

Make city tax returns from February 1st to March 15th.

The city tax rate is \$1.25 per \$100.

Ten per cent penalty for failure to make returns by March 15th.

Pay first installment (33 1-3 per cent) April 1 to 15.

Pay second installment (33 1-3 per cent) June 15 to 30.

Pay third installment (33 1-3 per cent) September 1 to October 15.

A discount of 1½ per cent will be allowed upon the total taxes if paid on the date when first installment is due. A discount of 1¼ per cent will be allowed upon the last installment of tax if same is paid on or before the time fixed for the payment of the second installment. On failure to pay installments when due, the same shall bear interest at the rate of 7 per cent per annum.

All transfers of real estate must be reported immediately after sale is made to city tax assessors.

Water bills payable 1st to 10th of each month. Discount of 25 per cent if paid by the 10th.

AGRICULTURAL IMPLEMENTS

What Every Business Man Wants

LOW COST HAULING—

A SURPRISING amount
of money and time is
saved by installing **Inter-
national Motor Trucks**—
built to haul any load up
to rated capacity at the
least expense.

A Motor Truck That Lasts—

All **International Motor Truck** parts that are subject to wear are provided
with removable bushings or bearings which can be inexpensively replaced
when worn.

There is an **International Motor Truck** of 1,500 to 4,000 lb. capacity to
meet your requirements. Call up or come and see us and arrange for dem-
onstration.

THIS MACHINE MAKES THE LIMB THAT'S
NEAREST TO NATURE

The McElroy Kind

This lathe cuts out the form of the limb in perfect conformity with the model cast. In coring the center, this lathe leaves the material absolutely uniform in thickness at all points. This lathe is used in making McElroy limbs, exclusively. McElroy limbs are the lightest, easiest to wear and least complicated on the market. McElroy limbs work on Nature's plan. Your artificial limb troubles end when you wear a McElroy limb.

To appreciate the McElroy, you must see it. Write, phone or call on us for demonstration. We guarantee perfect fit.

THAT GOOD GULF GASOLINE

Is a clean, powerful gasoline, manufactured especially for the gasoline motor from selected high-grade crude petroleum under the strict supervision of the most skilled chemists.

It is straight run, containing no kerosene or casing head mixtures, and is carefully filtered for the elimination of any foreign matter.

It is used in the United States Navy in its submarines and all other gasoline propelled craft. This, in itself, is the best evidence of its superior quality.

We feel justified in saying there is more power in **That Good Gulf Gasoline**. More power means more mileage at a lower cost, with less carbon, less strain upon your motor and a consequent saving on the general upkeep of your engine.

Put **That Good Gulf Gasoline** in your tank, and feel the exhilaration of **More Power** in your motor.

SUPREME AUTO OIL

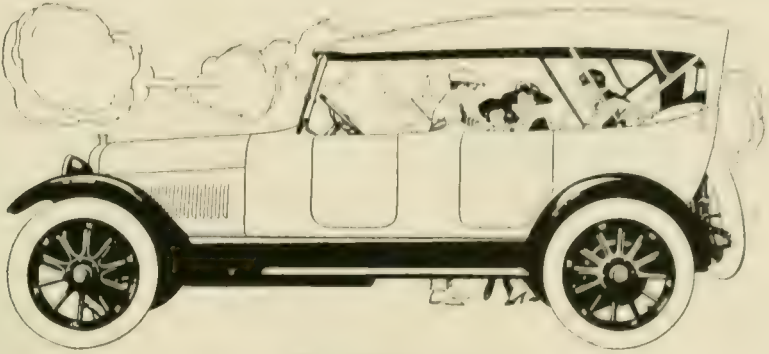

is manufactured from selected high grade Southern-asphalt-base Crude Oil. You may eliminate much of the carbon troubles by using it exclusively.

BANKS AND BANKERS

Every Time You Think
of the
Third National Bank
OF ATLANTA

we want you to think of it in terms of
the men who run it, not as a cold piece
of business machinery.

This war should prove to everybody
that any business which intends to "get
across" henceforth, has got to be thor-
oughly saturated with the HUMAN
EQUATION.

DEPARTMENT STORES

A Department Store—
an institution embracing
several departments under
one roof: Dry Goods, No-
tions, Ready-to-wear, Shoes,
Rugs, Drapery.

*Located for half a century
at the corner of Whitehall
and Hunter Streets.*

THE sound growth of an
enterprise that depends on
public support is the measure
of its usefulness. The trend of trade
is along the line of best service giv-
ing just so surely as water runs
down hill.

Therefore the growth of the
KEELY store is interesting as in-
dicating the kind of a store this is;
and the fact that more people are
buying goods here this season
than bought here last season shows
Keely service goes forward instead
of backwards.

We are not perfect—probably
never shall be perfect according to the ideal
of perfection we have set up in front of us.

But by making this Store contin-
ually better we are succeeding in keeping
it always BEST.

FURNACES

Perfect Indoor Comfort

When Winter's cold is bitterest—when snow and ice have enveloped Nature in their frozen grasp, then indeed is home, "home sweet home" when made warm and cozy by a

MONCRIEF FURNACE

Moncrief Furnaces are scientifically designed and constructed for maximum heating efficiency with minimum fuel consumption. Their installation means balmy, even temperature—not in one room only, but in every room throughout the house—and less colds and sickness caused by sudden change of temperature in going from a heated room to a cold one.

Moncrief Furnaces cost but little to install, and their heating efficiency and genuine economy have been proven by the test of time.

Be perfectly comfortable this winter with a Moncrief.

Write for Free Illustrated Folder with full information. Mention this paper.

THE BEST CASUALTY
INSURANCE IN THE WORLD

SUPERIOR SERVICE

JOHN H. MULLIN

GENERAL AGENT

UNITED STATES CASUALTY COMPANY
OF NEW YORK1308-1309 HEALEY BUILDING
ATLANTA, GEORGIA**If you are thirty years old**

The small sum of \$6.50 every three months, or \$24.50 a year, secures for you a policy for \$1,000.00 in the Standard Life Insurance Company—a Legal Reserve, Whole Life Policy, with guaranteed Cash, Loan, Paid-up and Extended Insurance options.

The Standard Life Insurance Company is an Old Line Legal Reserve Insurance Company—not fraternal nor assessment. A company that requires high medical standards in the selection of all risks. Its policy contracts and provisions are approved by state insurance departments and actuaries. It is owned and operated entirely by Colored people. Has insurance in force of over \$10,000,000.00, and assets of over \$478,000.00.

Standard Life Insurance Company

Home Office: 200 Auburn Avenue

ATLANTA, GEORGIA

INSURANCE

ATLANTA TITLE GUARANTEE COMPANY

Examines and Guarantees Titles in Fulton and DeKalb Counties

Our guarantees are backed by ample capital and by the experience gained from successful operation for twenty years. No policy holder has ever had to defend a law suit. Consult us before buying or lending on real estate and get absolute protection at small cost.

A GUARANTEED TITLE IS A GOOD TITLE.

ROOFING MATERIAL

Barrett Specification Roofs

TWENTY YEAR GUARANTY BOND

"Barrett's Big Four"

Everlastic Multi-Shingles

a roofing of beauty. Laid quickly, as there are four shingles in a strip. Made of high-grade felt, thoroughly water-proofed and surfaced with crushed slate in natural colors, red or green.

Tylike Shingles

Individual shingles of same material as Multi-Shingles (red or green non-fading surface of crushed slate). Laid like slate shingles, look better, cost less—practically fire-proof. Especially charming for bungalows or residences where roof is important architectural feature.

Everlastic "Rubber" Roofing

makes an air-tight, water-tight, weather-proof roof that will not crack, shrink, nor "run" in most severe climates. It is tough, pliable, elastic, durable and low in price. Sold in 36-inch wide rolls—1, 2 or 3 ply, containing 108 square feet.

Everlastic Slate-Surfaced Roofing

Made of best roofing felt, thoroughly surfaced with real crushed slate (red or green) so that roof requires no painting. Color unaffected by the elements. Rolls 32 inches wide cover 100 square feet. Two inch lap allowed for cementing and nailing.
